Subject: Recreation Planning for the CALFED Program

As the CALFED planning process proceeds, it is clear that the overall program may have impacts on recreation, particularly in the Delta. In order for CALFED to receive appropriate and timely input on recreation issues, I am requesting that you assist the CALFED staff in their analysis of recreation issues by coordinating with groups and individuals with knowledge and concerns about recreation in the Delta region, and forwarding that information to CALFED staff for review and inclusion in CALFED documents, programs, and documents.

Thank you for your assistance in this matter.
